1. What's MarketSpase

MarketSpase is a digital business platform that enables individuals to start and grow their own online business by securing a space in the internet ecosystem. Owned and operated by Async Groups, a renowned Software company dedicated to crafting innovative custom software, MarketSpase offers cutting-edge technology and visionary innovation to help individuals become business owners by setting up a reliable source of income through the internet

Benefits of MarkeSpase

The **benefits of MarketSpase** makes it an attractive platform for anyone looking to start and grow a successful online business.

1. Low Startup Cost: MarketSpase offers an affordable entry point for aspiring entrepreneurs. With plans starting as low as ₦10,000, individuals can start their own business without the need for significant capital investment. This low barrier to entry makes it accessible to a wider audience, allowing more people to take advantage of the opportunities on the internet.

2. Flexible Business Model: MarketSpase provides a flexible business model that allows users to operate their business on their own terms. Whether you want to work part-time or full-time, MarketSpase accommodates your schedule. This flexibility is ideal for those looking to balance their business with other commitments, such as a day job or family responsibilities.

3. Data-Driven Decision-Making Tools: MarketSpase equips users with advanced data-driven tools to help them make informed decisions. These tools provide insights into business performance, and business trends. By leveraging these analytics, users can

optimize their strategies, improve efficiency, and adapt their business. This data-centric approach ensures that business decisions are based on accurate and relevant information.

4. 24/7 Support and Help: MarketSpase offers round-the-clock support to its users. Whether you are new to online business or an experienced entrepreneur, you can access comprehensive training materials, schedule a one-on-one session, and get help from dedicated support team. This continuous support ensures that you have the guidance and resources needed to succeed at any time of the day.

2. How MarketSpase Works

MarketSpase operates on a digital business model where users rent a space (This is like renting a virtual landed property) and the system manages your space and re-rent it to other community member or business owners. The platform requires users to maintain active ads to make their space available for rent.

How It Works:

- **Sign Up:** Create an account on the MarketSpase website. (<https://marketspase.com>)
- **Rent a Space:** Choose a Spase plan based on your budget and goals.
- **Run Ads:** Maintain active ads to attract visitors and potential earnings.
- **Track Performance:** Utilize data-driven insights to optimize business strategies.

MarketSpase's system allocates users to your space based on the availability of active ads on your account, ensuring a steady flow of traffic to your space and that leads to income.

3. Plan & Earning Potential

MarketSpase offers four main plans (Spase plan):

- **StarterSpase (N10,000):** Daily Profit Potential: ~~N600~~ - ~~N2,050~~
- **GrowthSpase (N30,000):** Daily Profit Potential: ~~N950~~ - ~~N4,100~~
- **EliteSpase (N50,000):** Daily Profit Potential: ~~N3,800~~ - ~~N9,400~~
- **EmpireSpase (N100,000):** Daily Profit Potential: ~~N10,300~~ - ~~N23,200~~

Your earning potential is determined by the number of business spaces available in your profile. Which means the more space you have for rent, the more potential to earn. A profile can have a maximum of four Spase plan. It is important to ensure that ads are always active in your account for the system to see your space as available for rent, otherwise, your account may be termed as dormant.
